Count Around the World

with Gigi • Numbers 1–5

My name is: _____

Let's count in four languages!

English • Español • Français • Mandarin

Ages 2–6 • Number recognition, counting and coloring

Number 1

Count 1 star with Gigi!

Color the big number.

Count and color 1 star:

ENGLISH	ESPAÑOL	FRANÇAIS	MANDARIN
one	**uno** say: OO-noh	**un** say: uhn	— **yī**

Trace and write:

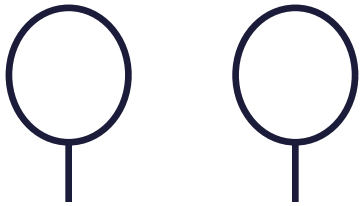

1 1 1 1 1

Grown-up: say the number in each language and let your child repeat it. Clap once for each object!

Number 2

Count and Match

Draw a line from each group of stars to its number

3

1

5

2

4

Bonus: say each number in Spanish, French or Mandarin as you draw the line!

Parent & Caregiver Guide

Count Around the World with Gigi

What your child practises

Recognising the numbers 1–5, counting objects one by one, and hearing that friends around the world count in different languages.

How to use it (10–15 minutes)

Do one number page at a time. Point and count each object out loud together, then color. Say the number in English, then try Spanish, French and Mandarin. Finish with the Count and Match page.

Ages 2–4

Focus on counting and coloring. Hearing the other languages is enough — there is no need to say every word.

Ages 4–6

Trace the numbers on the dotted line and try saying the number in one new language on each page.

Make it move

Jump, clap or stomp once for each number. Gigi loves to count with her whole body!

Pronunciation help

Spanish: uno OO-noh, dos dohs, tres trehs, cuatro KWAH-troh, cinco SEEN-koh. French: un uhn, deux duh, trois twah, quatre KAT-ruh, cinq sank. Mandarin: 一 yī (ee), 二 èr (ar), 三 sān (sahn), 四 sì (suh), 五 wǔ (woo). Pronunciation guides are approximate.

Close the way Gigi does

“You learned something new today. That makes today a good day.”
